

## **PreCom Receives Unified Communication Industry's Top Award**

*Technology Assurance Group  
Recognizes PreCom as the Elite  
Provider at its 2009 National  
Convention*

BOISE, ID — April 27, 2009 — PreCom, a leading unified communications provider, announced today that the company received one of Technology Assurance Group's top awards at the association's 2009 National Convention held in San Diego in March. Technology Assurance Group (TAG), an international organization of independently owned unified communications companies in the United States and Canada, selected PreCom as the winner of the "Chairman's Bronze Circle Award" for exceptional economic performance and superior customer satisfaction. PreCom was highlighted as a premier provider during a prestigious awards ceremony attended by TAG's Member companies and leading technology manufacturers.

The highly sought after awards, which are given out annually, are based on overall financial performance, customer satisfaction, and the ability to provide customers with cost effective unified communication solutions. "In 2008, PreCom experienced phenomenal growth that propelled them past the best companies in the industry," said Dale Johnson, president of Technology Assurance Group. "PreCom's philosophy of providing technology solutions that increase their customers' profitability, improve employee productivity, and enhance brand image fueled the company's overall success. In addition to offering solutions with the purpose of accomplishing their

customers' business objectives, they maintain a highly talented team of professionals that deliver world class service. PreCom is an exceptional Member that is dedicated to acquiring better business practices that continually improve their organization. It was our privilege to showcase such a fine company at our convention."

Heidi and Jim Woodhead accepted the award for the company. "We have worked extremely hard over the years to build a great company with a solid reputation in our community and it was a wonderful feeling to be recognized by TAG. PreCom's customer centric focus as well as our ability to stay on the pulse of technology have enabled us to become our customers' trusted advisor. We attribute much of our success to the many benefits that we receive from our Membership in TAG. The organization enables us to quickly adopt new ways of doing business for the betterment of our customers and our people."

PreCom offers businesses a variety of unified communication solutions including managed services, telephone systems, local/long distance service, Internet connectivity, web conferencing, teleconferencing, call accounting, and Voice over IP (VoIP).
