Dear David:

It was a pleasure working with you concerning the design and installation of our voice and data cabling for the new office in the Zion's Bank building downtown Boise, Idaho. From our initial conversations to the installation and testing of the cable in our new office, you and your team were easy to work with and completely understood our requirements. It is a truly a pleasure to work with a company that knows; how to do what they say they will, complete the work when they say they will on time, and on budget.

Thank you for being so easy to work with and doing a great job for Clifton Larson Allen.

Sincerely,

Steve Grace
